Press Release

**INSPEC<sup>2</sup>T technical and plenary meetings held in Barcelona**

**The INSPEC<sup>2</sup>T project technical and plenary meetings were held in Barcelona, Spain between 24<sup>th</sup> and 26<sup>th</sup> October.**

From 24<sup>th</sup> – 26<sup>th</sup> October 2016, Eticas Research and Consulting hosted the second INSPEC<sup>2</sup>T technical meeting and the third plenary meeting in Barcelona, Spain.

The technical meeting was held over the first two days and provided INSPEC<sup>2</sup>T's technical partners (including INTRASOFT, ADITESS, EXUS, IMC, SATWAYS, VICOMTECH, and PlayGen) with an opportunity to discuss the progress made in relation to the INSPEC<sup>2</sup>T system and the plans for the next six months.

### **DAY ONE – TECHNICAL MEETING**

The first day started with presentations and discussions on the different components of the INSPEC<sup>2</sup>T system, including (but not limited to) the public portal, secure portal, mobile application, Law Enforcement Agency Operators (LEAO) Simulator for training purposes, the information bus, the Social Media & Legacy gateway, Geographic Information System, and Serious/Awareness Games. The technical meeting was crucial for the respective partners to discuss the different components which will be integrated and demoed during INSPEC<sup>2</sup>T's mid-term review at the end of November and which will be tested in the project's [test cases](#) that will take place throughout 2017. Further Information on selected components of the INSPEC<sup>2</sup>T system can be found on our [blog page](#).

### **DAY TWO – TECHNICAL MEETING**

The second day of the technical meeting started with discussions on the technical integration before moving on to focus on the five test cases in Valencia, Engomi, Belfast, Groningen, and Preston. The respective partner responsible for each test case provided contextual information to support the technical partners with their time plan for the development and integration of the INSPEC<sup>2</sup>T system and its components. The presentations included information on each test cases' timeline, key stakeholders, technical requirements, and training needs.

### **DAY THREE – PLENARY MEETING**

The third INSPEC<sup>2</sup>T plenary meeting took place on 26<sup>th</sup> October 2016 and was structured around the project's [work packages](#). The day started with a presentation by Project Coordinator KEMEA on work package 8, Management and Coordination and provided an opportunity for the consortium to discuss the project's forthcoming mid-term review. In addition, presentations were given on ongoing work packages 3 (INSPEC<sup>2</sup>T Framework – Architecture, Tools, Procedures and approaches), 4 (INSPEC<sup>2</sup>T Solution Development), 5 (INSPEC<sup>2</sup>T Test Cases – Implementation and Validation), 6 (Assessment of INSPEC<sup>2</sup>T Framework and Roadmap), and 7 (Dissemination, Exploitation, and Awareness Raising). Each partner provided an update on the progress made over the last six months and the plan for the next six months.

Further information on the INSPEC<sup>2</sup>T project and the test cases is available in the [INSPEC<sup>2</sup>T third project newsletter](#).
